- Agricultural commodity trading
- Supply chain solutions for agricultural products
- Strategic agricultural partnerships
- Market access and distribution

## Strategic Investments

- Project development
- Business partnerships
- Joint ventures
- Infrastructure and growth opportunities
- Emerging market investments

## **Operating Divisions**

### **HNYDC Property Group Ltd.**

HNYDC Property Group Ltd. serves as the Ghana-based sister company and strategic project partner for HNYDC Global Holdings' real estate initiatives in Ghana. The company provides local market expertise, project development support, and operational execution for residential and commercial developments.

### **All Nations Trade**

All Nations Trade operates as the trade, logistics, supply chain, and agribusiness division of HNYDC Global Holdings. The division supports international commerce through sourcing, procurement, logistics coordination, and cross-border trade solutions.

## **Current Projects**

### **Student Accommodation Development**

Location: Sunyani, Ghana

A purpose-built student accommodation development designed to address the growing demand for quality housing near major educational institutions. The project focuses on modern facilities, operational efficiency, and long-term investment value.

### **Apartment Building Development**

Location: Prampram, Ghana

A modern residential apartment development positioned within one of Ghana's fastest-growing coastal corridors. The project is designed to provide quality housing while delivering long-term value to residents and investors.

## Why HNYDC Global Holdings

## Future Development Pipeline

HNYDC Global Holdings continues to identify and develop strategic opportunities to strengthen its market position and expand value creation across all operating sectors.

- Student Accommodation Expansion – Scaling successful models across additional educational hubs
- Apartment Developments – Expanding residential portfolio in high-growth corridors
- Trade & Logistics Expansion – Enhancing supply chain capabilities and market reach
- Agribusiness Supply Networks – Building integrated agricultural trade platforms
- Strategic Investment Partnerships – Identifying and securing growth opportunities in emerging markets

*Through disciplined execution and strategic focus, HNYDC Global Holdings is positioned to deliver sustained value creation for partners, investors, and stakeholders across global markets.*
